COORDINATING COMMITTEE

MEMORANDUM BY THE GERMAN DELEGATION

ON

NON-MEMBER COUNTRY COOPERATION AND RELATIONS-LIECHTENSTEIN

SUBCOMMITTEE ON EXPORT CONTROLS

Ref.: COCOM DOC 3912 of March 9, 1960

The German authorities have studied the Coordinating Committee Memorandum COCOM DOC 3912 and have the honour to inform the committee that for the shipment of strategic items to Liechtenstein the German licensing authorities, the "Bundesamt für Gewerbliche Wirtschaft", Frankfurt/Main, request the blue import certificate of the Swiss authorities. These blue import certificates have always been presented. It seems to be necessary to mention, however, that there were very few cases involved, in which export licenses have been requested. In 1959 only two licenses were granted to firms in Liechtenstein.
